UI/UX Designing

SUMMARY

I am a qualified and junior web developer with good experience of frontend and backend website design. Strong creative and analytical skills. Team player with an eye for detail.

PROJECTS

QUIZ - APP

A project for practicing questions.

- I have used React and Typescript to develop the frontend.
- For styling the app tailwind CSS is used.
- The idea came from Frontend Mentor website.

PUZZLE GAME

Simple puzzle game

- I have used HTML and CSS for developing the app.
- Vanilla Javascript is used to implement the logics.
- The idea came from some course tutorial.
